

Explore the mysterious world of Repton  	EAC 009 REPTON ACORN ELECTRON	ACORN ELECTRON REPTON  SUPERIOR SOFTWARE EAC 009	Introduction The object of Repton is to collect all the diamonds on each screen avoiding the falling rocks and lurking reptiles. You have a limited amount of time in which to complete each screen: the 'Time' indicator starts at 6000 and decreases down to 0; you then lose a life. There are twelve screens (denoted A-L). Basically, each screen requires you to solve a set of puzzles by determining your routes to collect the diamonds. A rock or an egg will fall if unsupported, and if a falling rock lands on you it will kill you.
