

A two player game of dexterity set in Hazard County. Beat your opponent to the jewels and gold with the help of your band of cronies. Includes police cars and one player practice option.

You are out to steal £250,000 in diamonds before your rival. You accomplish this by collecting the heaps of diamonds which appear on the screen, and taking them to the cache in your house. Unfortunately the other robber is not your only problem. There are several killer droids, employed by one of the insurance companies, to try to apprehend bandits such as yourself and recover the swag.
